

# The Connecticut Judicial Branch **Job Shadow Program**

February 1<sup>st</sup> to February  
28<sup>th</sup> or February 29<sup>th</sup>

## The Judicial Branch offers students the opportunity to shadow workplace hosts in courts and other Judicial Branch facilities during the workday.

This program is offered in February every year.

The Job Shadow program allows high school students to explore career interests and vocational skills by shadowing a Judicial Branch employee during a portion of the workday.

Students are matched with a mentor in his or her area of interest at a location as near as possible to each student's school.

To allow students enough time to explore their areas of interest and receive one-on-one instruction, only one student per position per day will be accepted. However, multiple students from the same school may shadow different hosts at the same judicial facility on the same day.

*The Judicial Branch is comprised of a diverse group of well-trained employees who carry out the organization's mission – which is to resolve disputes brought before it in a fair, timely, efficient and open manner.*
